

Treasurer's Report to the AGM of AMSA SIG Indoor Aviation Inc. no. A0058475B

6 August 2024

Gentlemen

I enclose with this report a statement of our financial records for the last financial year and a balance with our bank records for the same period.

Finances are healthy this year, partly because the AMSA was able to reduce the insurance premium from \$29 to \$28.50 per member, which was not expected by your treasurer.

The \$2 flying fee at venues it applies to continues to show a modest surplus – thanks to those who supply the morning teas.

If the members see fit, I think we could reduce the annual sub to \$35 without significant risk.

Thanks to all those who have worked diligently to make this another financially viable year.

Laurie Clark, Treasurer
